### Supporting narrative

#### Commentary:

The report to 31 March 2023 for St John the Baptist Catholic MAT is based on data covering 530 relevant employees across 9 Primary Schools and 1 High School in Norfolk, North Suffolk and Peterborough. For all our schools the employee demographic is overwhelmingly female, with 82% of employees being female. The gender pay gap reported within the organisation is driven by large numbers of female employees who hold part time, low pay scale roles that are inherent to the nature of educational sector. Over 86% of roles in “Quartile 1 – Lower” are covered by female staff resulting in a significant median and mean gender pay gap for the Trust.

Between 2022 and 2023 the median hourly pay difference changed from 40.4% to 45.7%, while the mean hourly rate difference stayed nearly the same – 24.9% as at 31/03/2023 and 24.7% on 31/03/2022. The information for the individual schools differs school by school, with one academy showing gender pay gap in favour of women and one academy employing only women on the reporting date.

The Trust nevertheless monitors pay carefully, with the support of the Unions, to ensure that the gender pay gap narrows, with particular reference to aiming towards parity of pay for staff at similar career stages, particularly in Leadership positions where women are underrepresented in the educational workforce, with an ultimate aim to narrow the gap within all the sectors of the workforce.
